## SUMMARY

**Full-stack developer (Front-end heavy)** experienced in building scalable web and mobile apps using React, Next.js, NestJS, and React Native. Skilled in API integration, database management with Prisma/PostgreSQL, Stripe and PayTab payments, and optimizing UI/UX performance.

## WORK EXPERIENCE

### ASSOCIATE SOFTWARE ENGINEER | APPTYCOONS

Dec 2023 - Present

#### MightyJoy:

- Developed and integrated APIs using **React Query** in a **Next.js** and **Nest.js** environment.
- Managed **Prisma** models to update the database schema.
- Integrated third-party applications like **Instagram** and **TikTok** using their **basic APIs**.
- Designed and implemented UI pages with **Tailwind CSS**.
- Enhanced the **chat system** built with **Twilio** by improving its performance and user experience.
- Built and validated complex forms with **React Hook Form** and **Yup**.

#### Makery:

- Integrated **Stripe coupons**, **checkout sessions**, **webhooks**, and **referral payments**.
- Optimized **UI and functionality** based on tasks, with **PostgreSQL** support.

#### Sabonnah Laundry App:

- Developed all app screens from **Figma** using **React Native**.
- Built backend with NestJS, Prisma, and PostgreSQL.
- Implemented **stack** and **tab navigation**.
- Created **reusable components** and integrated **libraries** (e.g., star ratings, OTP inputs).
- Developed and integrated APIs using **React Query**, handling caching, loaders, and error handling.
- Added **PayTabs** payments via **react-native-paytabs**, handling responses and storing data.
- Implemented a **voucher system**: admins create, customers redeem; **cron jobs** manage expiry, activation, and limits.
- Added a **tips payment** feature.

#### AppTycoons:

- Created **UI pages** for AppTycoons website using **Next.js**.
- Optimized **website performance**, improving **CLS**, **TBT**, and other key metrics.

## TECHNICAL SKILLS

- |                |                   |              |               |                     |
|----------------|-------------------|--------------|---------------|---------------------|
| • React.js     | • Tailwind CSS    | • PostgreSQL | • Vue.js      | • React Hook Form   |
| • Next.js      | • CSS3            | • NestJS     | • Stripe      | • Twilio            |
| • TypeScript   | • HTML5           | • Prisma     | • PayTab      | • Docker            |
| • JavaScript   | • API integration | • Zustand    | • React Query | • Figma             |
| • React Native | • NextAuth        | • Nuxt.js    | • MUI         | • styled-components |

## EDUCATION

**BSCS | NED University of Engineering & Technology**  
CGPA: 3.677 **2020-24**
